Subject: JVP and FOIA Requests

Dear NCTS Participant:

Jewish Voice for Peace (JVP), a radical anti-Israel activist group that advocates for a complete economic, cultural and academic boycott of the state of Israel, has been sending Freedom of Information Act (FOIA) requests to a number of law enforcement agencies that have participated in ADL's counter-terrorism seminars in Israel. We wanted to provide you with background on JVP and their activities.

"Deadly Exchange" is their latest propaganda campaign, which falsely asserts that American Jewish institutions are responsible for rising levels of police brutality and racism against people of color in the U.S. because we sponsor joint training programs between American and Israeli law enforcement agencies. To quote their website, in such law enforcement exchange programs, "worst practices" are shared to promote and extend discriminatory and repressive policing in both countries including extrajudicial executions, shoot-to-kill policies, police murders, racial profiling, massive spying and surveillance, deportation and detention, and attacks on human rights defenders." In some cities, JVP has local affiliates that go by different names. In one small city, their local affiliate even petitioned the local city council to drop associations with these programs. We wanted to make sure you were aware of them and their agenda, should you hear from them. Here<<https://www.adl.org/education/resources/profiles/jewish-voice-for-peace>> is a link to additional information about JVP on ADL's website.

Should you receive a FOIA request, which may come through an organization called MuckRock, we respectfully ask that we be notified if your agency considers disclosing any of the documents or information we've provided. You may notify us at generalcounsel@adl.org<mailto:generalcounsel@adl.org>.

Please let us know if you need any additional information. Thank you.
